DUNEDIN, NEW ZEALAND

## TAIERI GORGE RAILWAY - SEAL2014 CONFERENCE SPECIAL 20% DISCOUNT FOR ANY TRIP BOOKED

Welcome aboard the Taieri Gorge Railway – one of the world’s great train trips and an experience not to be missed.

Departing from Dunedin’s beautiful railway station the Taieri Gorge Railway begins its scenic journey into some of New Zealand’s most ever-changing, spectacular and iconic scenery. The train travels through the Southern parts of Dunedin city until it arrives at Wingatui junction where it turns off onto the Taieri branch. From here the train sneaks across the Taieri Plains and climbs into the Taieri Gorge, a narrow and deep gorge carved out over aeons by the ancient Taieri River. The train negotiates the gorge with ease as it travels through ten tunnels and over countless bridges and viaducts. The natural wonders combined with the challenge of man made engineering will leave you amazed, but somehow the railway blends into the natural environment perfectly. It is a wonderful example of the sheer determination of early railway pioneers.

The train will stop or slow down at various scenic points along the way for photos where you can disembark and stretch your legs and enjoy the best of beauty, peace and quiet that nature has to offer. Stand on the open air platforms while the train moves or enjoy a quiet drink and food from our on board cafe while our train manager tells the story of the nature and history of the area in an entertaining and informative live commentary.

## **PUKERANGI**

The train runs daily to Pukerangi, a peaceful outcrop out the other side of the Taieri Gorge. If you are worried that you will not see all the scenery on this trip then don't. This tour allows you see all the best bits the trip has to offer. This trip will take four hours and is our most popular tour!

## **MIDDLEMARCH**

Twice a week in Summer (October to April) and once a week in Winter (May to September) the train extends it's journey to the very end of the railway line to **Middlemarch**, a lovely example of a country railway town and the beginning of the **Otago Central Rail Trail**.

This is a all weather trip that will suit individuals, families or groups alike!
